

BLOWER-SYN 150

BLOWER-SYN 150 synthetic lubricants is formulated to provide maximum lubrication protection and service for all positive displacement blowers including Roots, Gardner-Denver, Sutorbilt and Duroflow. Advantages over petroleum lubricants include extended lubricant life, reduced operating temperatures, better corrosion protection, enhanced low and high temperature lubricating properties, longer blower life with reduced wear, and lower maintenance costs. The BLOWER-SYN 150 synthetic lubricant exceeds the specification requirements for all of the major manufacturers of positive displacement blowers and are compatible with most commonly used seal materials.

PRODUCT DATA SHEET

BLOWER-SYN	150
ISO Grade	150
Specific Gravity	0.865
Viscosity @40°C, cSt @100°C, cSt	142.5 18.0
Viscosity Index	140
Flash Point, °F (°C)	475 (246)
Pour Point, °F (°C)	-60 (-51)
