

## BLOWER-SYN 320

**BLOWER-SYN 320** synthetic lubricants is formulated to provide maximum lubrication protection and service for all positive displacement blowers including Roots, Gardner-Denver, Sutorbilt and Duroflow. Advantages over petroleum lubricants include extended lubricant life, reduced operating temperatures, better corrosion protection, enhanced low and high temperature lubricating properties, longer blower life with reduced wear, and lower maintenance costs. The BLOWER-SYN 320 synthetic lubricant exceeds the specification requirements for all of the major manufacturers of positive displacement blowers and are compatible with most commonly used seal materials.

# PRODUCT DATA SHEET

BLOWER-SYN	320
ISO Grade	320
Specific Gravity	0.875
Viscosity @40°C, cSt @100°C, cSt	302.5 31.2
Viscosity Index	141
Flash Point, °F (°C)	485 (252)
Pour Point, °F (°C)	-40 (-40)
