

ES CLEAN

ES CLEAN is a water-based, environmentally safe, industrial strength degreaser and cleaner that quickly lifts and suspends oil, grease, carbon and dirt while the additives in the synthetic detergent help prevent redepositing.

Although ES CLEAN is suitable for uses as varied as cleaning greasy floors and equipment, to removing carbon from chains or parts, it does not contain any chemicals subject to reporting requirements of SARA Title III and it does not contain phosphates, petroleum distillates, chlorinated hydrocarbons, ethylene glycol, monobutyl ether, or sodium hydroxide. It is Non-flammable, Non-Abrasive Non-Corrosive, and Biodegradable. ES Clean is safe for use on or near ferrous and non-ferrous metals.

PRODUCT DATA SHEET

Specification	ES CLEAN
pH	13.0
Color	Clear
Odor	Fresh
Density	8.34 lbs/gal.
Flash Point	None
Rinse Ability	Completely
Type Cleaner	Water Soluble Degreaser
Active Ingredients	Detergents, Builders Soluble Solvents
Degreasing Efficiency	Excellent
Specific Gravity	1.045
Stability (Hot or Cold)	Excellent
Ferrous Metals:	None
Non-Ferrous Metals:	None

May Be Harmful If Swallowed. Can Cause Eye and Skin Irritation. Read and Follow Safety Data Sheet Precautions.
