

SAFETY DATA SHEET

Issue Date 31-Jan-2018

Revision Date 31-Jan-2018

Version 1

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier Product Name

HTMP NFG 20

Other means of identification Product code: Synonyms

Recommended use of the chemical and restrictions on useRecommended UseLubricant.Uses advised againstNo information available

Details of the supplier of the safety data sheet Supplier Address Pan American Equipment 2419 South 153rd Street Omaha, Nebraska 68144 Phone: (402) 502-1229

Emergency telephone number Emergency Telephone

2. HAZARD IDENTIFICATION

Classification

OSHA Regulatory Status

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

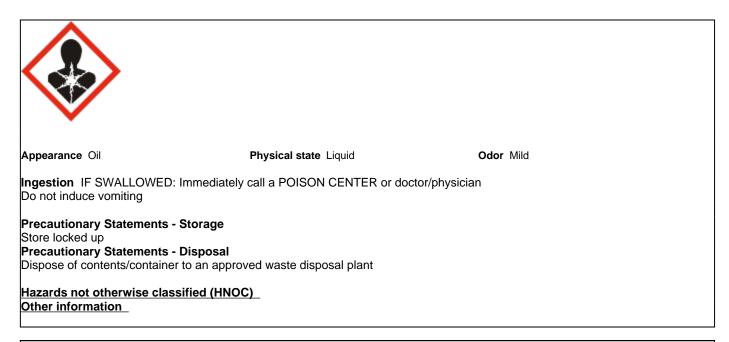

Aspiration toxicity	Category 1

Label Elements

EMERGENCY OVERVIEW

Signal word Danger

Hazard statements May be fatal if swallowed and enters airways

3. COMPOSITION/INFORMATION ON INGREDIENTS

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

4. FIRST AID MEASURES		
First aid measures		
Eye contact:	Flush eye with water for 15 minutes. If symptoms persist, call a physician.	
Skin contact:	Rinse with plenty of water. If skin irritation persists, call a physician.	
Inhalation:	Move to fresh air in case of accidental inhalation of fumes from overheating or combustion. If symptoms persist, call a physician.	
Ingestion:	Do not induce vomiting. Consult a physician. Risk of product entering the lungs on vomiting after ingestion. Aspiration may cause pulmonary oedema and pneumonitis.	
Most important symptoms and effects, both acute and delayed		
Symptoms:	No information available.	
Indication of any immediate medical attention and special treatment needed		
Notes to physician:	Treat symptomatically.	
5. FIRE-FIGHTING MEASURES		

Suitable extinguishing media:

Carbon dioxide (CO2). Dry chemical. Dry sand. Water spray mist or foam.

Unsuitable extinguishing media

Do not use a solid water stream as it may scatter and spread fire

Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating gases and vapors. Water may be used to cool closed containers.

Explosion data

Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

Special protective equipment for firefighters:

In the event of fire and/or explosion do not breathe fumes. In the event of fire, wear self-contained breathing apparatus. Standard procedure for chemical fires.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions:	Contaminated surfaces will be extremely slippery. Avoid contact with skin, eyes and clothing. Wear personal protective equipment.	
Environmental precautions		
Environmental precautions:	Do not allow material to contaminate ground water system. Prevent product from entering drains.	
Methods and material for containment and cleaning up		
Methods for containment	Prevent further leakage or spillage if safe to do so.	

7. HANDLING AND STORAGE

Precautions for safe handling

Handling Spilling onto the container's outside will make container slippery. Avoid contact with skin, eyes and clothing. Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Storage Conditions

Keep container tightly closed in a dry and well-ventilated place. Store in cool place. Keep away from heat and sources of ignition. Keep in properly labelled containers. Keep out of the reach of children

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Eye protection:

Exposure Guidelines Appropriate engineering controls		
Engineering measures to reduce exposure:	Ensure adequate ventilation, especially in confined areas.	
Individual protection measures, such as personal protective equipment		
Respiratory protection: Hand protection:	No personal respiratory protective equipment normally required. Gloves made of plastic or rubber	

Avoid contact with eyes Safety glasses with side-shields

Skin and body protection:

Usual safety precautions while handling the product will provide adequate protection against this potential effect Avoid contact with skin, eyes and clothing

General Hygiene Considerations

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state Appearance C		Odor Mild	Color Colorles	S	Odor thresholdNo information available
<u>Property</u> Melting point/freezing point	<u>Values</u> No information available	<u>Remarks • Method</u>	pH Boiling point / boiling range	Not applicable No information available	
Flash point Flash point Flammability (solid, gas) Upper flammability limit: Vapor pressure Specific Gravity Solubility in other solvents Autoignition temperature Kinematic viscosity Explosive prop Oxidizing prop	No information available 20 cSt @ 40 ° C perties	Cleveland Open Cup No information available No information available	Water solubility Partition coefficient	No information available No information available Insoluble in water No information available n No information available No information available	
Other informat Softening poir Molecular weig VOC Content (Density Bulk density	<u>tion</u> nt ght	No information available No information available No information available No information available No information available			

10. STABILITY AND REACTIVITY

Reactivity Not applicable

Chemical stability

Stability Possibility of Hazardous Reactions	Stable under normal conditions
Possibility of Hazardous Reactions	None under normal processing.
Hazardous polymerization	Hazardous polymerization does not occur.

Conditions to avoid

Conditions to avoid Heat, flames and sparks Hazardous Decomposition Products

Hazardous Decomposition Thermal decomposition can lead to release of irritating gases and vapors Products

Incompatible materials

Incompatible materials

Strong oxidising agents

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information	Product does not present an acute toxicity hazard based on known or supplied information
Eye contact	May cause slight irritation.
Skin contact	Substance may cause slight skin irritation.
Inhalation	Vapors and/or aerosols which may be formed at elevated temperatures may be irritating to eyes and respiratory tract.
Ingestion	Potential for aspiration if swallowed. Aspiration may cause pulmonary edema and pneumonitis.

Information on toxicological effects

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization Mutagenic effects: Carcinogenicity	No sensitization responses were observed. Did not show mutagenic or teratogenic effects in animal experiments. This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.
Reproductive toxicity	This product does not contain any known or suspected reproductive hazards.
STOT - Single Exposure	None under normal use conditions.
STOT - Repeated Exposure	None under normal use conditions.
Aspiration hazard	May be fatal if swallowed and enters airways.

Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document . ATEmix (oral) 5073 mg/kg

12. ECOLOGICAL INFORMATION

Ecotoxicity

No known hazards to the aquatic environment.

0.01825% of the mixture consists of components(s) of unknown hazards to the aquatic environment

Persistence and degradability

No information available.

Bioaccumulation

No information available.

Mobility

The product is insoluble and floats on water.

13. DISPOSAL CONSIDERATIONS		
Waste treatment methods		
Disposal of wastes	Disposal should be in accordance with applicable regional, national and local laws and regulations.	
Contaminated packaging	Empty containers should be taken for local recycling, recovery or waste disposal.	

14. TRANSPORT INFORMATION

DOT

Not Regulated by any means of transportation

15. REGULATORY INFORMATION

Listed in TSCA
All of the components in this product are listed in DSL
This product complies with EINECS/ELINCS
This product complies with China IECSC.
This product complies with Korea KECL.
This product complies with Philippines PICCS.
All the constituents of this material are listed on the Australian AICS

Legend:

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

ENCS - Japan Existing and New Chemical Substances

IECSC - China Inventory of Existing Chemical Substances

KECL - Korean Existing and Evaluated Chemical Substances

PICCS - Philippines Inventory of Chemicals and Chemical Substances

AICS - Australian Inventory of Chemical Substances

US Federal Regulations

International Inventories

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

SARA 311/312 Hazard Categories

Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden release of pressure hazard	No
Reactive Hazard	No

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

State Regulations (RTK)

California Proposition 65

This product does not contain any Proposition 65 chemicals

U.S. State Right-to-Know Regulations

U.S. EPA Label Information EPA Pesticide Registration Number Not applicable
